

WEDDING & SPECIAL OCCASION CAKE PLANNING GUIDE

Each **Sweet Dreams'** Wedding Cake is as unique as the bride and groom for whom it is prepared.

We are able to create virtually any design you can visualize! Our extensive Photo Gallery displays a selection for your perusal, or we can re-create almost anything you might find online, in magazines, etc. Alternatively, we can design something original exclusively for you - or combine details from other different designs to create something new and unique based on your specific vision and budget.

Flavors for cake, filling and icings are extensive... we have compiled our Wedding & Special Occasion Cake & Filling Flavors List which includes our most popular choices... but are open to your ideas to satisfy your tastes.

Sweet Dreams is also pleased to offer additional information to help with your special cake planning and understanding process. Our Wedding & Special Occasion Tiered Cake Information table outlines the number of servings per tier, and a Wedding Cake Cutting Guide (to share with your caterer or event coordinator so they are aware of how to best portion your creation).

The following information is always most helpful for us to prepare you an accurate quote for your special cake

- 1) *Date, location and time of your wedding*
- 2) *Detailed design description and/or photo*
- 3) *Size and shape of cake (i.e. number of tiers, and round, square, etc.)*
- 4) *Icing, Cake and Filling flavor(s)*
- 5) *Number of guests expected*

Personalized quotes are based on the complexity of design, decorations and the overall size of the cake (number of servings), plus a delivery/set-up fee.

Our prices do not include the cost of any natural flowers, as this would depend on the florist, type, quantity, season and/or availability. If flowers are part of your cake presentation, we recommend our clients order extra flowers for the cake along with their main floral order. This helps ensure consistency in color, type, etc. with the rest of your wedding/event arrangements. We are always happy to arrange any flowers provided to us on the cake when we arrive to set up on your wedding/event day.

It is important to note that due to the varying heat and humidity experienced in Los Cabos, we suggest that for most of the year, special consideration has to be taken when choosing the outer icing of the cake (i.e. Buttercream vs. Rolled Fondant, Chocolate Ganache, or Whipped Cream). We will work with you to help choose the best option for your cake according to the season.

TASTINGS:

Personalized tastings* are available in the Los Cabos area. In advance, you may select up to three flavors each of cake and filling/icings, and we will meet with you and assist with any additional planning or designing of your special cake. It is helpful to book as far in advance as possible, in order to be able to accommodate your request.

OTHER DESSERTS:

Sweet Dreams also proudly offers a wide variety of other desserts – from simple traditional favorites, to more elaborate specialty pastries - for small intimate affairs to large dessert buffets.

We welcome your questions and/or feedback (please also see our Client Testimonials). We look forward to the opportunity to make your sweet vision come to life deliciously and beautifully!
